1. Comment. The information again confirms the movement of large contingents of the 6th Gds Tank Div from Wittenberg to the Werder-Parkendorf summer camp. a total of 19 troop trains operated on 26, 27 and 28 April 1954. tanks of the 52nd Gds Tank Regt were entrained on 26 April, of the 78th Gds Hv Tank SF Regt on 27 April, and of the 51st Gds Tank Regt and probably of the 3d Gds Mtrcl Bn on 28 April 1954. 25X1
 2. Comment. Turret and vehicle numbers indicate that the two troop trains from Schwerin carried tank details of the 94th Gds Mtz Pifle Div, including those of the 74th (Hv ?) Tank SF Regt on 9 May 1954. Pertinent observations on the entraining of tanks from the Moltke Kaserne (5543) on the same day are available. As the units probably went to combat firing practices, it is not plausible that the troop train on 9 May 1954 should have gone to Leipzig. Rather, it is believed that the two trains went to the southern sector of Metzling Heeth. 25X1
 3. Comment. The troop trains were previously reported by another source. 25X1
